

OLSMLU, OPSMLU BUK DLOYLU!

To the Hochmeister at Marienburg. In haste — and for your eyes alone.

You pressed me to learn the head of their secret council — the one who hides himself among them. I have it. I will not trust the plain words to any road. I set it down by our word, as we agreed:

OHUZ CVU IHFZLU PZ QVYKHU AOL JVVR

Read it, then burn it. If this falls into the wrong hands before you, our word still keeps it shut.
