

READING THE MARKS

Each mark on your map hides something. Find it, match it below, and the next mark shows you where to go.

|                                                                                     |   |                                                                                      |
|-------------------------------------------------------------------------------------|---|--------------------------------------------------------------------------------------|
|    | → |     |
|    | → |    |
|    | → |    |
|    | → |    |
|    | → |    |
|  | → | RETURN<br>TO MG                                                                      |
|  | → |  |
|  | → |  |
|  | → |   |

Draw the marks in the order you found them, then bring this to the MG.
